5,000-24,999	1.50%
25,000-49,999	1.25%
50,000-99,999	1.00%
100,000+	0.85%

Our service fee is applied to the full amount of a transaction and not in pro rata.

## Limits

These limits are applied per transaction. There is no limit on the number of transactions you can make.

Minimum Buy	£10
Maximum Buy	£100,000

## Bank transfer fees

GBP Faster Payments	Free
EUR bank transfer (SEPA, SEPA Instant)	Free
USD	SWIFT fees apply*

\*SWIFT is an international bank transfer network constituted of many banks. When funds are transferred from a bank A to a bank B over the SWIFT network, they follow a route that can include multiple intermediary banks. The receiving bank and each intermediary banks (if any) charge a fee for that service. It can vary from a few \$ to several dozen \$, which is unfortunately impossible to know in advance.

## Delivery fee

All delivery fees are free for all cryptocurrencies.

## Refund fee

If we receive a transaction that is not compliant with our service's [terms and conditions](#) and if you choose to not comply with the steps that we will request by email, we reserve the right to charge a £20 processing fee (or equivalent) to return the funds to their origin.

## Network costs

The network cost of initiating a cash out transaction is at your expense.

Network costs are the fees that the servers running a blockchain charge for processing transactions. Those fees are determined by the blockchain itself in real time, in function of the network's utilization. They are therefore out of our control. The network costs are charged in the blockchain's native cryptocurrency.
